# WHY CHOOSE SKILLORA?

- Placement Assurance
- Highly Skillfull Trainers
- Advanced Training Modules
- Internship Assistance

# ABOUT OUR COURSES

- *Online Course*
- *Certification*
- *Expert Tutors*
- *Recorded Lectures*
- *Q & A Sessions*
- *One to One Interaction*

# MEP

MEP course is perfect for those who want to learn Engineering MEP design. Enroll in to develop a keen understanding of how design engineers around the world design engineering components.

The Mechanical Electrical and Plumbing (MEP) systems in a building or industrial projects are very important. MEP Engineering is the art of planning, designing and managing the MEP systems of a building. MEP course is one of the best add on course for Mechanical and Electrical stream students.

## MEP COURSE PLAN

### **HVAC Designing and Drafting**

Heat Load Calculation, Duct Designing, VRF System, Chiller Selection, ventilation system HAP, Duct Sizer, Pipe Sizer, BETA Selection Software, VRF Selection Software.

### **Electrical System Designing**

Basic Electrical, Switch Gears, Power transformers, load calculation, Lighting layout, DB scheduling, Transformer Selection.

### **Public Health Engineering**

PHE Calculation, Types of Pipe and Sizing Internal Plumbing Layout, Pump head calculation and tank selection, septic Tank calculation and waste water management. External plumbing and lab.

### **AutoCAD**

Drawing Tools, Modification Drawing Tools, Modification tools, Advanced modification tools. Orthographic Projections, Isometry...on tools, Advanced modification tools. Orthographic Projections, Isometry.

### **Firefighting System**

Fundamentals, Fire protection System, Classification of Fire, Tank Sizing Fire Detection System, Fire pump selection, Fire Fighting Schematic Layout.

### **Firefighting System**

Fundamentals, Fire protection System, Classification of Fire, Tank Sizing Fire Detection System, Fire pump selection, Fire Fighting Schematic Layout.

### **Revit MEP**

Project units, levels & walls, Modifying tools, Door, windows, floor, column & roof, Stairs, Ramps and railing, Materials, lights, camera & rendering, Family creation, Link revit.

### **Revit Architecture**

Basic revit architecture designing, Link revit & AutoCAD files, HVAC designing, heating & cooling load analysis, Placing duct & pipe sizing, Plumbing designing, hot & cold water pipe, Sanitary pipes, Fire protection designing, Electrical system designing, House wiring & cable tray designing.
